

PRINCE2[®] Foundation Course Online

Adaptive Frameworks have an exclusive Australian license for the fully accredited Avion WBT PRINCE2 course and support this with delegates having the ability to take exams with Adaptive Frameworks in any of 5 Australian cities at their convenience.

The course is a comprehensive computer-based training (CBT) course for PRINCE2, consisting of 17 multimedia lessons and a number of extras to help you learn PRINCE2. The Foundation course currently has a 100% pass rate.

Audience

Those working in project environments needing an understanding of formal project management methods and an effective framework for project delivery. Typically delegates are working in project support roles or have some project management experience.

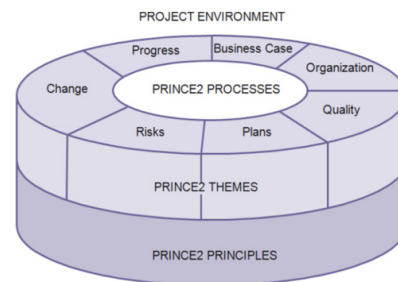

This course is suitable for delegates who are unable to attend a classroom course due to location, accessibility or work and family commitments.

Objective

To cover the syllabus for PRINCE2 and provide a firm grounding in the project management methodology. Delegates will be able to confidently take the PRINCE2 Foundation Examination at the end of the course.

Topics

- Introduction to Project Management
- Overview of PRINCE2 and the 7 Principles
- The Process Model
- Business Case Theme
- Organisation Theme
- Quality Theme & Quality Reviews
- Plans Theme and Product-based Planning
- Risk Theme
- Progress Theme
- The Change Theme
- Project Start Up
- Initiating a Project
- Controlling a Stage
- Managing Product Delivery
- Managing Stage Boundaries
- Closing a Project

PRINCE2® Foundation Course Online

Examination

The Foundation examination is available in 5 capital cities around Australia and is run regularly as part of our public classroom courses. The examination sessions usually take place on a Friday morning and will run from 9am to midday, including a revision session with the trainer. The examination runs for 1 hour and the trainer will mark the examinations and provide your result at the conclusion of the course.

Private exam sittings are also available if required, please contact us for more information.

Pre-Requisites

None.

Technical Requirements

The online course is an "anytime, any place, any pace" system that is flexible, convenient and lets you work when you choose, at any place where an Internet connection is available.

The online system can be run using a Windows or Mac machine on Internet Explorer (at least version 6), Google Chrome and Firefox 3. The system may function on other browsers however this is not recommended or supported.
