

## PRINCE2® Practitioner Course

(inclusive of Foundation course and exam)

### Audience

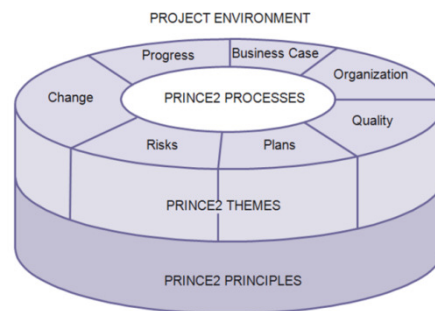

Project managers requiring an understanding of a formal project management methodology and an internationally recognised qualification. Managers seeking to improve project performance in delivering business outcomes. Typically delegates are working in project support roles or have some project management experience.

### Objective

To cover the complete syllabus for PRINCE2 and to provide a firm grounding in the sensible application of the project management method. Delegates will be able to confidently take the PRINCE2 Foundation and Practitioner Examinations. Course case studies will assist delegates in applying the principles to a variety of scenarios.

### Topics

- Introduction to project management
- Overview of PRINCE2 and the 7 principles
- The process model
- Business Case Theme
- Organisation Theme
- Quality Theme & Quality Reviews
- Plans Theme and Product-based Planning
- Risk Theme
- Progress Theme
- The Change Theme
- Project Start Up
- Initiating a project

- Applying PRINCE2

The PRINCE2 syllabus is delivered within the 3.5 day Foundation course. Delegates doing the combined course will be issued additional exercises each night based on sample Practitioner Exam questions. Following the Foundation Exam on Day 4, Practitioner delegates will spend a further half-day with the instructor made up of:

- Explanation of the Practitioner Objective Test Examination structure and guidance.
- Further exercises on the use of Product Based Planning
- Answering various question types and rapid sourcing of information from the text.

Delegates have 2 days (usually a weekend) to complete approximately 6-8 hours of individual study including 2 practice examinations. The instructor will be on call between 10am-10pm to answer any questions and for coaching. This has proved to be a highly successful approach with a self-assessment of exam readiness available which is a reliable predictor of success.
