PRINCE2® Practitioner Upgrade Course

Audience

Project managers wishing to upgrade from an existing PRINCE2 Foundation Accreditation to the Practitioner level.

Objective

To cover the practical application of the PRINCE2 methodology in real world scenarios.

Topics

Applying PRINCE2 concepts and controls to various project scenarios. Delegates require a Foundation certification before attending this course and therefore have covered the full syllabus including PRINCE2 processes, components and techniques.

The Practitioner Upgrade focuses on the application of these concepts using a course Case Study and two scenarios. The approach of the Upgrade course emphasises individual study with one-to-one assistance from a trainer.

Half a day (usually a Friday) is spent with the trainer covering:

- Explanation of the Practitioner Objective Test Examination structure and guidance.
- Further exercises on the use of Product Based Planning
- Answering various question types and rapid sourcing of information from the text.

Delegates have 2 days (usually a weekend) to complete approximately 6-8 hours of individual study including 2 practice examinations. The instructor will be on call between 10am-10pm to answer any questions and for coaching. This has proved to be a highly successful approach with a self-assessment of exam readiness available which is a reliable predictor of success.

Duration

2 half days in the classroom plus 6-8 hours of independent study between days 1 and 2. Day 1 runs 12.30pm to 4.30pm and day 2 runs 9.00am to midday. Refreshments are provided.

Pre-Course Preparation

Approximately 2 hours of reading from the course text book is recommended to delegates before the course commences.

Course Materials

- Comprehensive course notes
- Case Study Booklet
- Sample examination papers for the Practitioner level.

Examinations

The Practitioner examination will take place on the morning of the last day and runs for 2.5 hours. Exams will be marked by APMG Australasia and results will be available within 2 weeks.

Frequently Asked Questions

Q: If I have acquired the Foundation Accreditation in the PRINCE2 2005 version can I upgrade to the Practitioner level in the PRINCE2 2009 version?

A: Yes – however you will need to purchase the new 2009 version of the text book and complete some extra pre-reading before the course commences. If you are in this situation please advise our course administrator when booking your course.
